# The Door of Opportunity is Open. Sell Garden Seed This Spring

## A Tremendous Demand

The BIGGEST SELLING, the FASTEST SELLING, the EASIEST SELLING line offered this season will be GARDEN SEED, and NO INVESTMENT necessary.

Gold from every packet of the 120 varieties of garden and flower seed we list will flow into your pockets—and you do not need to invest one cent, all shipping charges are prepaid by us. GRASP THIS WONDERFUL MONEY-MAKING, MONEY-SAVING OPPORTUNITY NOW, it cost you nothing, yet it can earn dollars for you. You can sell garden and flower seed this spring as fast as you can ring door bells. I guarantee you can sell 9 out of 10 homes at 100% profit, and at competitive prices. IT WILL SIMPLY RAIN DIMES INTO YOUR POCKETS.

## The Home Garden Idea

HAS TAKEN THE COUNTRY BY STORM. Every Welfare and Relief organization in the country will be urging people to plant gardens as a remedy to fight the depression and support your family.

Every day last fall you read of farmers and home gardeners breaking all records in canning foods and facing the winter with full pantries. Thousands of community gardeners produced vegetables in abundance all season and canned millions of cans with their surplus. A national survey showed that farmers and home gardeners had enough food and food stuffs stored in their cellars to last until the grass turns green this spring, allowing what money they could earn to be spent on clothes and other necessities.

In at least a dozen states last fall Club Women filled from four to five million containers of vegetables. In the state of

*R. P. Kuhns, President Eastern Seed Co.*

North Carolina alone their Governor made a statement that the GROW YOUR OWN IDEA was responsible for saving \$25,000,000, in produce which was bought out of the state in 1930. Bumper food crops were grown in states that never knew what a home garden was. THIS IS YOUR OPPORTUNITY.

## How to get an Order

Any housewife that has children between the ages of 6 and 16 can easily get started in the seed business, especially if you are planning to plant a garden yourself. To start with you will need at least a dozen different kind of beans, peas, corn, beets,

etc. which will have to be bought elsewhere.

Now that is 12 packets to start with. You surely have a few friends and neighbors who will need a similar quantity, and in a few minutes you say to yourself "why that's at least 50 to 60 packets already for an initial order and that **GIVES ME A PROFIT OF** from \$2.00 to \$3.00 **ON A CASH COMMISSION SALE** or **DOUBLE ITS VALUE IN THE PREMIUM I HAVE BEEN WANTING FOR SOMETIME.** I know in your factory to consumer plan I can get at least 100% more value than if I buy it in a local store. We guarantee our 10c. packets to contain two to three times the quantity of seed packets sold in any chain store—cut price sale.

### **Extra Cash Bonus on 2nd Order**

As an added incentive for you to send in your remittance early and reorder we are going to offer you an extra 10% cash commission on all 2nd orders.

We believe this will outclass by far all contest prizes or puzzles ever offered, as it **INSURES EVERY AGENT AN EXTRA CASH DIVIDEND**, not a thousand to one chance.

**THIS IS MONEY IN YOUR POCKET**, not promises on winners of contests. You know you never shared in one of them, "did you?"

### **The Home Garden has taken the Country by Storm**

Remember the present depression has brought no depression in the seed business, everybody will be planting gardens. Experts say gardening will increase 400% over last year—when all previous records of home gardening were shattered.

**Send in your order today. Be the first to share in these outstanding values.**

## **40% Cash Commission**

### **Amazing Cash Profits for Easy Work**

Here again I have strained my profits to the breaking point, for you surely know that no other concern in existence offers you 40% cash commission. Many of my agents prefer cash to a premium, as they may dispose of several hundred packets and thereby receive quite a nice income for very little effort. The choice is really yours.

Again we say before you order elsewhere, **"ASK THE AGENT WHO DEALT WITH KUHNS."**

### **Premium Values Unsurpassed. Wonderful, Daring, Unequalled Values in our Gifts to You**

Through the cooperation of the most important manufacturers of the entire country we are in a position to offer you the most amazing values in our entire career. Every drop in price on our premium merchandise has added quality to your gifts as no curtailment has been made in the amount of actual cash invested in your premium. For instance if an article of a certain quality cost us \$2.00 2 years ago that \$2.00 is spent in your premium today, insuring double the quality you received at that time. We have not lowered the cost of your premium one cent. **WE PASS ALL THESE OPPORTUNITIES ON TO YOU.** You will hardly believe your own eyes when you prove to yourself that most of the premiums we give you would cost as much in your local store as the entire amount of your remittance.

SEEDS**

Practically all doctors and every nutrition specialist will tell you that a family should have on its table throughout the year, tomatoes twice a week, either fresh or cooked; green leafy vegetables at least three times a week and coarse vegetables such as carrots, turnips, beets, onions, corn, peas and stringbeans at least once a day. You can provide these vegetables from your own garden at least seven months of the year. From one packet of each variety of my vegetable seeds you can have a full supply from early spring until late fall.
